

The Town Company menu draws from a range of historic and cultural inspirations that have come to shape the Kansas City experience as we know it today. This includes a commitment to local ingredients and handmade items from our very own KC makers. The wine program is a continuation of that path, with a focus on indigenous varietals, complimented by exemplary expressions of those grapes from around the winemaking world. It is a reflection on the importance of agriculture and how farmers, vineyards and winemaking traditions have come to shape the way we learn about and enjoy wine.

Here at The Town Company, we believe the dining experience is enhanced by a natural progression of temperatures, textures and colors. We encourage you to explore new sensations while also staying true to what you enjoy.
